

FROM UNSEASONABLY WARM WEATHER TO TORRENTIAL DOWNPOURS, DON'T SWEAT IT!

Introducing the Drake EST™ Heat-Escape™

The latest in our Early Season Technology (EST) Series, these garments deliver critical wind & waterproofing, while at the same time, enabling you to **QUICKLY REGULATE YOUR**

BODY TEMPERATURE. We've placed Heat-Escape™ Vents in the most heat-sensitive areas so when over-heating occurs, rapid cool-down can be obtained. The perfect garment for the changing conditions hunter's encounter during the early season.

Materials & Instinctive Features™: 100% Waterproof/Windproof/Breathable Polyester Tricot (shell weight) with taped seams, Heat-Escape™ Vents, Magnetic Chest Call Pouch, License/Key Pouch, and Call Separator. Pullover is equipped with neoprene cuffs and Easy On/ Easy Off Side zipper.
